- **Registration –**

- Please visit on URL - <https://pantherportal-uat.azurewebsites.net/>
- And select a role as a customer.
- Customer to fill in the details on the registration form. Once the email and phone number are verified, the customer can log in to the application

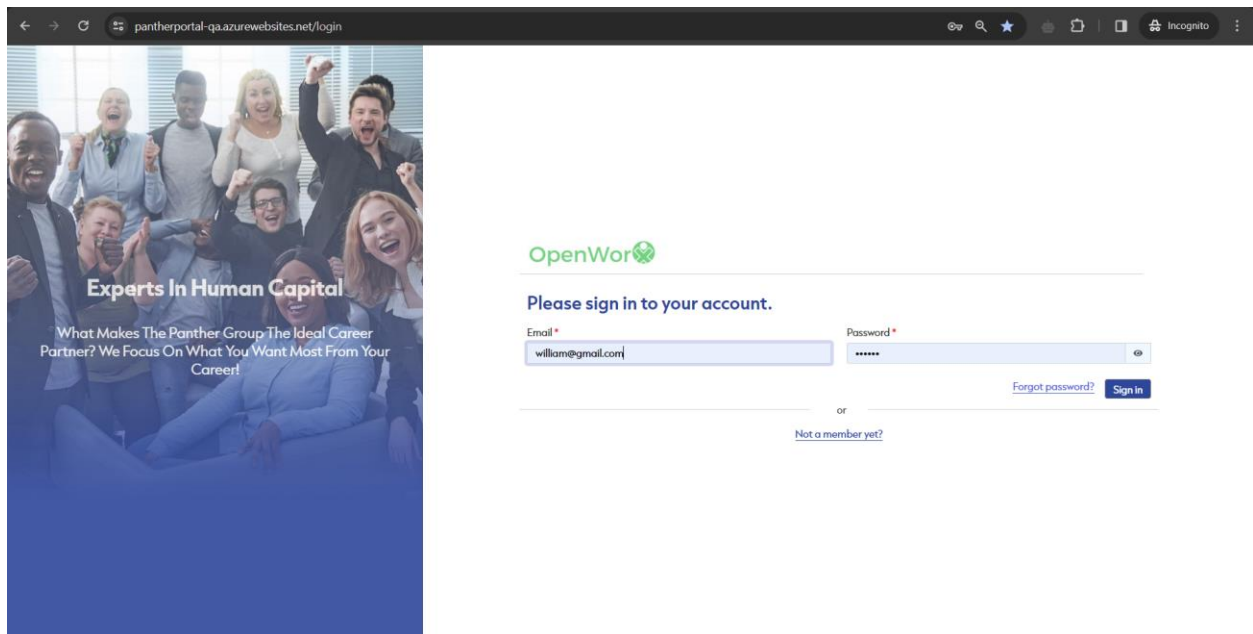

The registration form for OpenWorx is displayed. It features the OpenWorx logo at the top left. Below the logo, a welcome message reads: "Welcome, It only takes a few seconds to create your account". The form asks the user to select their role, with "Candidate" and "Customer" options. The "Customer" role is selected. The form includes fields for Company (a dropdown menu), Prefix, First name, Last name, Email (with a Verify button), Phone (with a Verify button), Password (with a toggle for visibility), Confirm password (with a toggle for visibility), City, State (a dropdown menu), and Country (a dropdown menu). At the bottom, there are links for "Already a member? Sign in" and a "Register" button.

- **Login screen –**

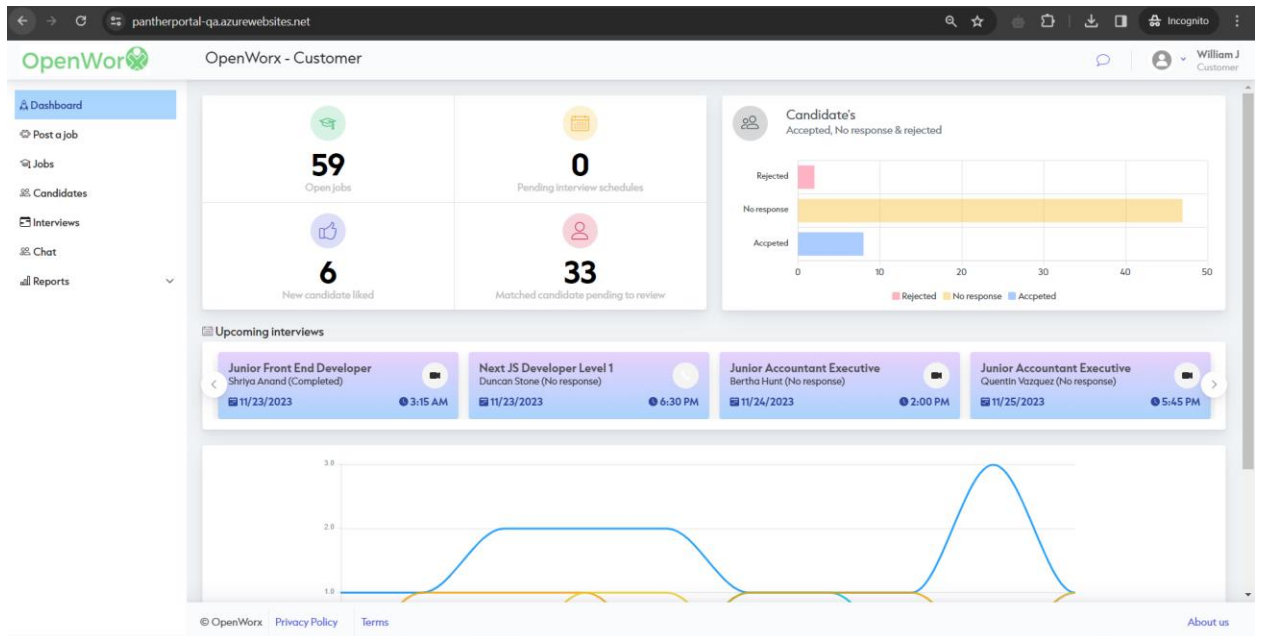

- Once an admin creates a customer or customer register itself the customer will be able to log in successfully with their credentials.

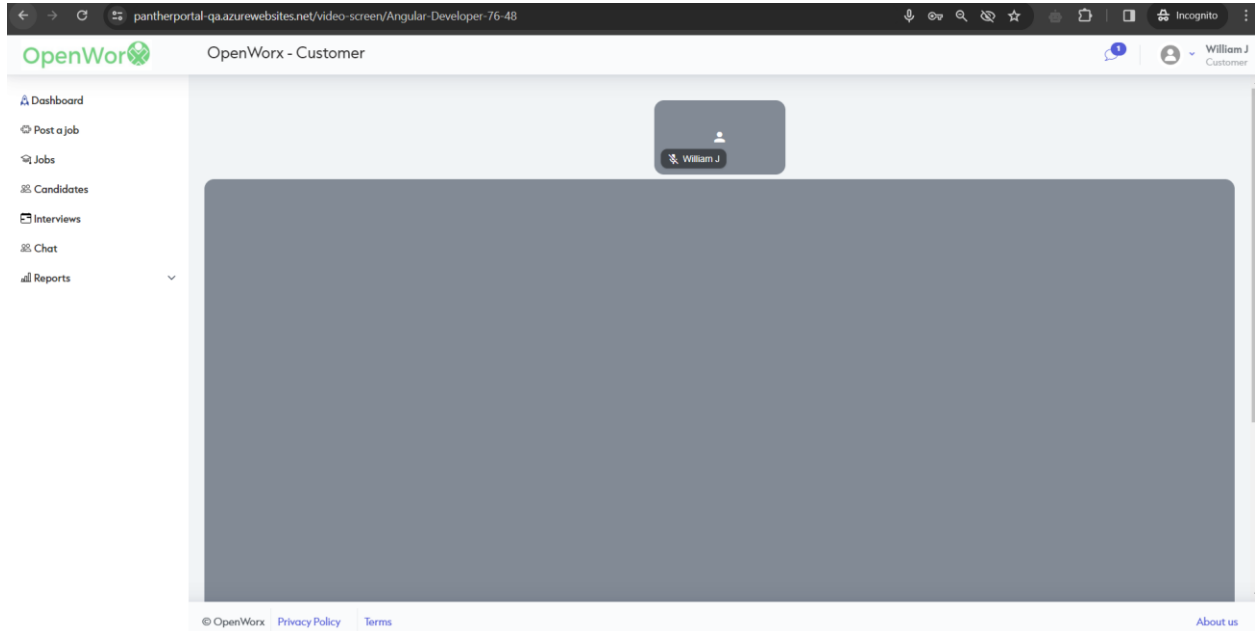

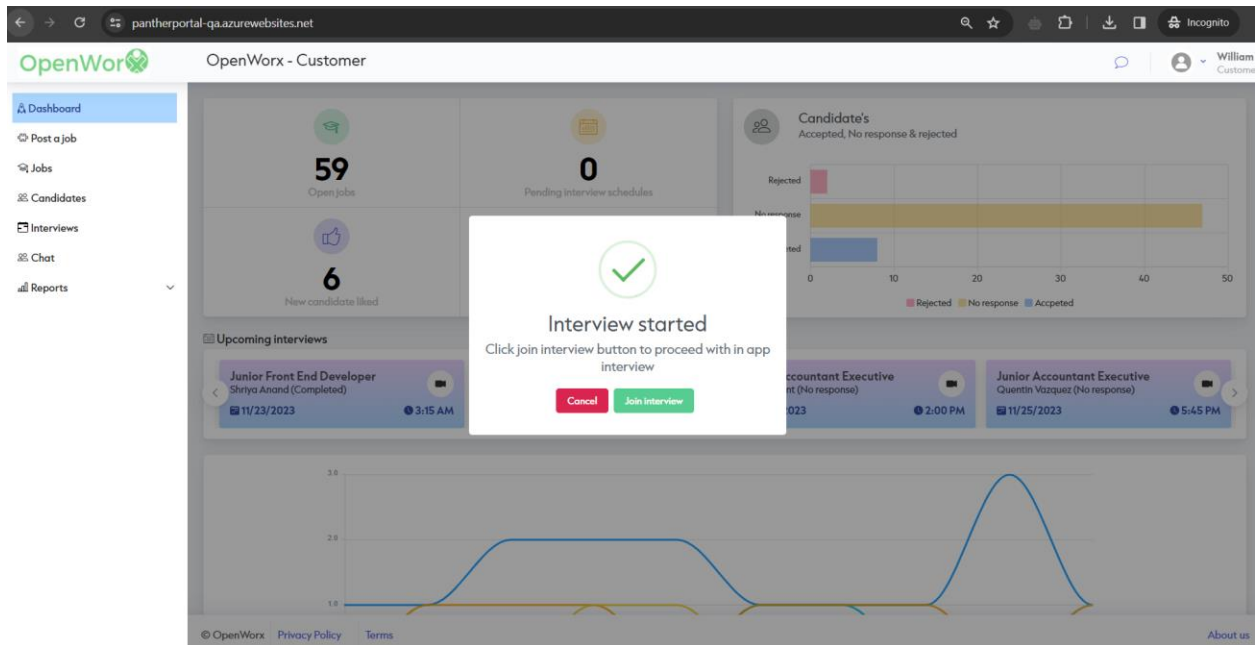

The login screen for OpenWorx is displayed. It features the OpenWorx logo at the top left. Below the logo, a message reads: "Please sign in to your account." The form includes fields for Email (with the example "william@gmail.com") and Password (with a toggle for visibility). Below the password field, there is a link for "Forgot password?" and a "Sign in" button. At the bottom, there is a link for "Not a member yet?". The background of the login screen is a blue-tinted image of the same group of people as the banner image.

- **Dashboard –**

- On the dashboard, customers can view the following statistics: the number of open jobs, pending interviews, upcoming interviews, and matched candidates pending review. Additionally, a bar graph illustrates the distribution of Rejected, Scheduled, and Accepted interviews.
- In addition to this, a line graph displays job statistics on the dashboard.
- Another section on the dashboard is dedicated to upcoming interviews. Customers can join an interview by clicking on the 'Join Interview round' button.

- **Post a Job -**

The customer will post a job Use a previous job as a template, Start with a new and Use recommendations to create a new job option
